

MAKE YOUR OWN DRIVE-IN MOVIE CARS

Create a fun drive-in movie experience as you watch *Tom & Jerry Movie: The Fast and the Furry* at home with these DIY Cardboard Box Cars. Campers will love getting creative as they build their hot rods, and play in them for weeks to come!

***ADULT SUPERVISION NECESSARY**

WHAT YOU NEED:

- 1 Large Cardboard Box (choose one large enough for your child to sit comfortably in)
- Scissors
- Box Tape
- Glue
- Pencil
- Box Cutter (Optional)
- Paint & Paintbrush (Optional)

BUILDING YOUR HOT ROD:

1. Tape the bottom of your box to seal closed. Please remember to be generous with your tape – the more you use – the more durable your car will be.
2. Close 3 out of 4 of the flaps on the top of the box with tape, leaving one of the short flaps open. This flap will be the back of your car.
3. Measure the long sides of the top of the box into thirds. With a pencil draw 3 equal guide lines from long side to long side across the top of the box.
4. Use a box cutter/scissor to cut away the first measured section at the top of your box (the one closest to the open flap/back of car). Also cut along the long sides only of the middle measured section.
5. Fold middle section towards front third of the box top, making a deep crease to create the front windshield.
6. Put extra tape on the front section to secure down tightly up until the crease to help secure a deeper fold.
7. Fold open short flap in the back of the car in half and tape to secure, and create spoiler.
8. (Optional) Paint all sides of your cardboard box whatever color you'd like, and let dry.
9. Using scissors, cut out your choice of wheels, spoiler, license plate, lights, bumper, side designs, and windshield.
10. Bring your car to life as you glue all of its parts to the box.
11. Let dry, make some snacks, and get ready for your drive-in movie of *Tom & Jerry Movie: The Fast & The Furry*.

Own *Tom & Jerry Movie: The Fast & The Furry* on Digital, Blu-ray™ & DVD today

TOM'S WHEEL

Gain super speed with these *cat-astic* wheels for your car. Print four copies, and place 2 on each side of the car.

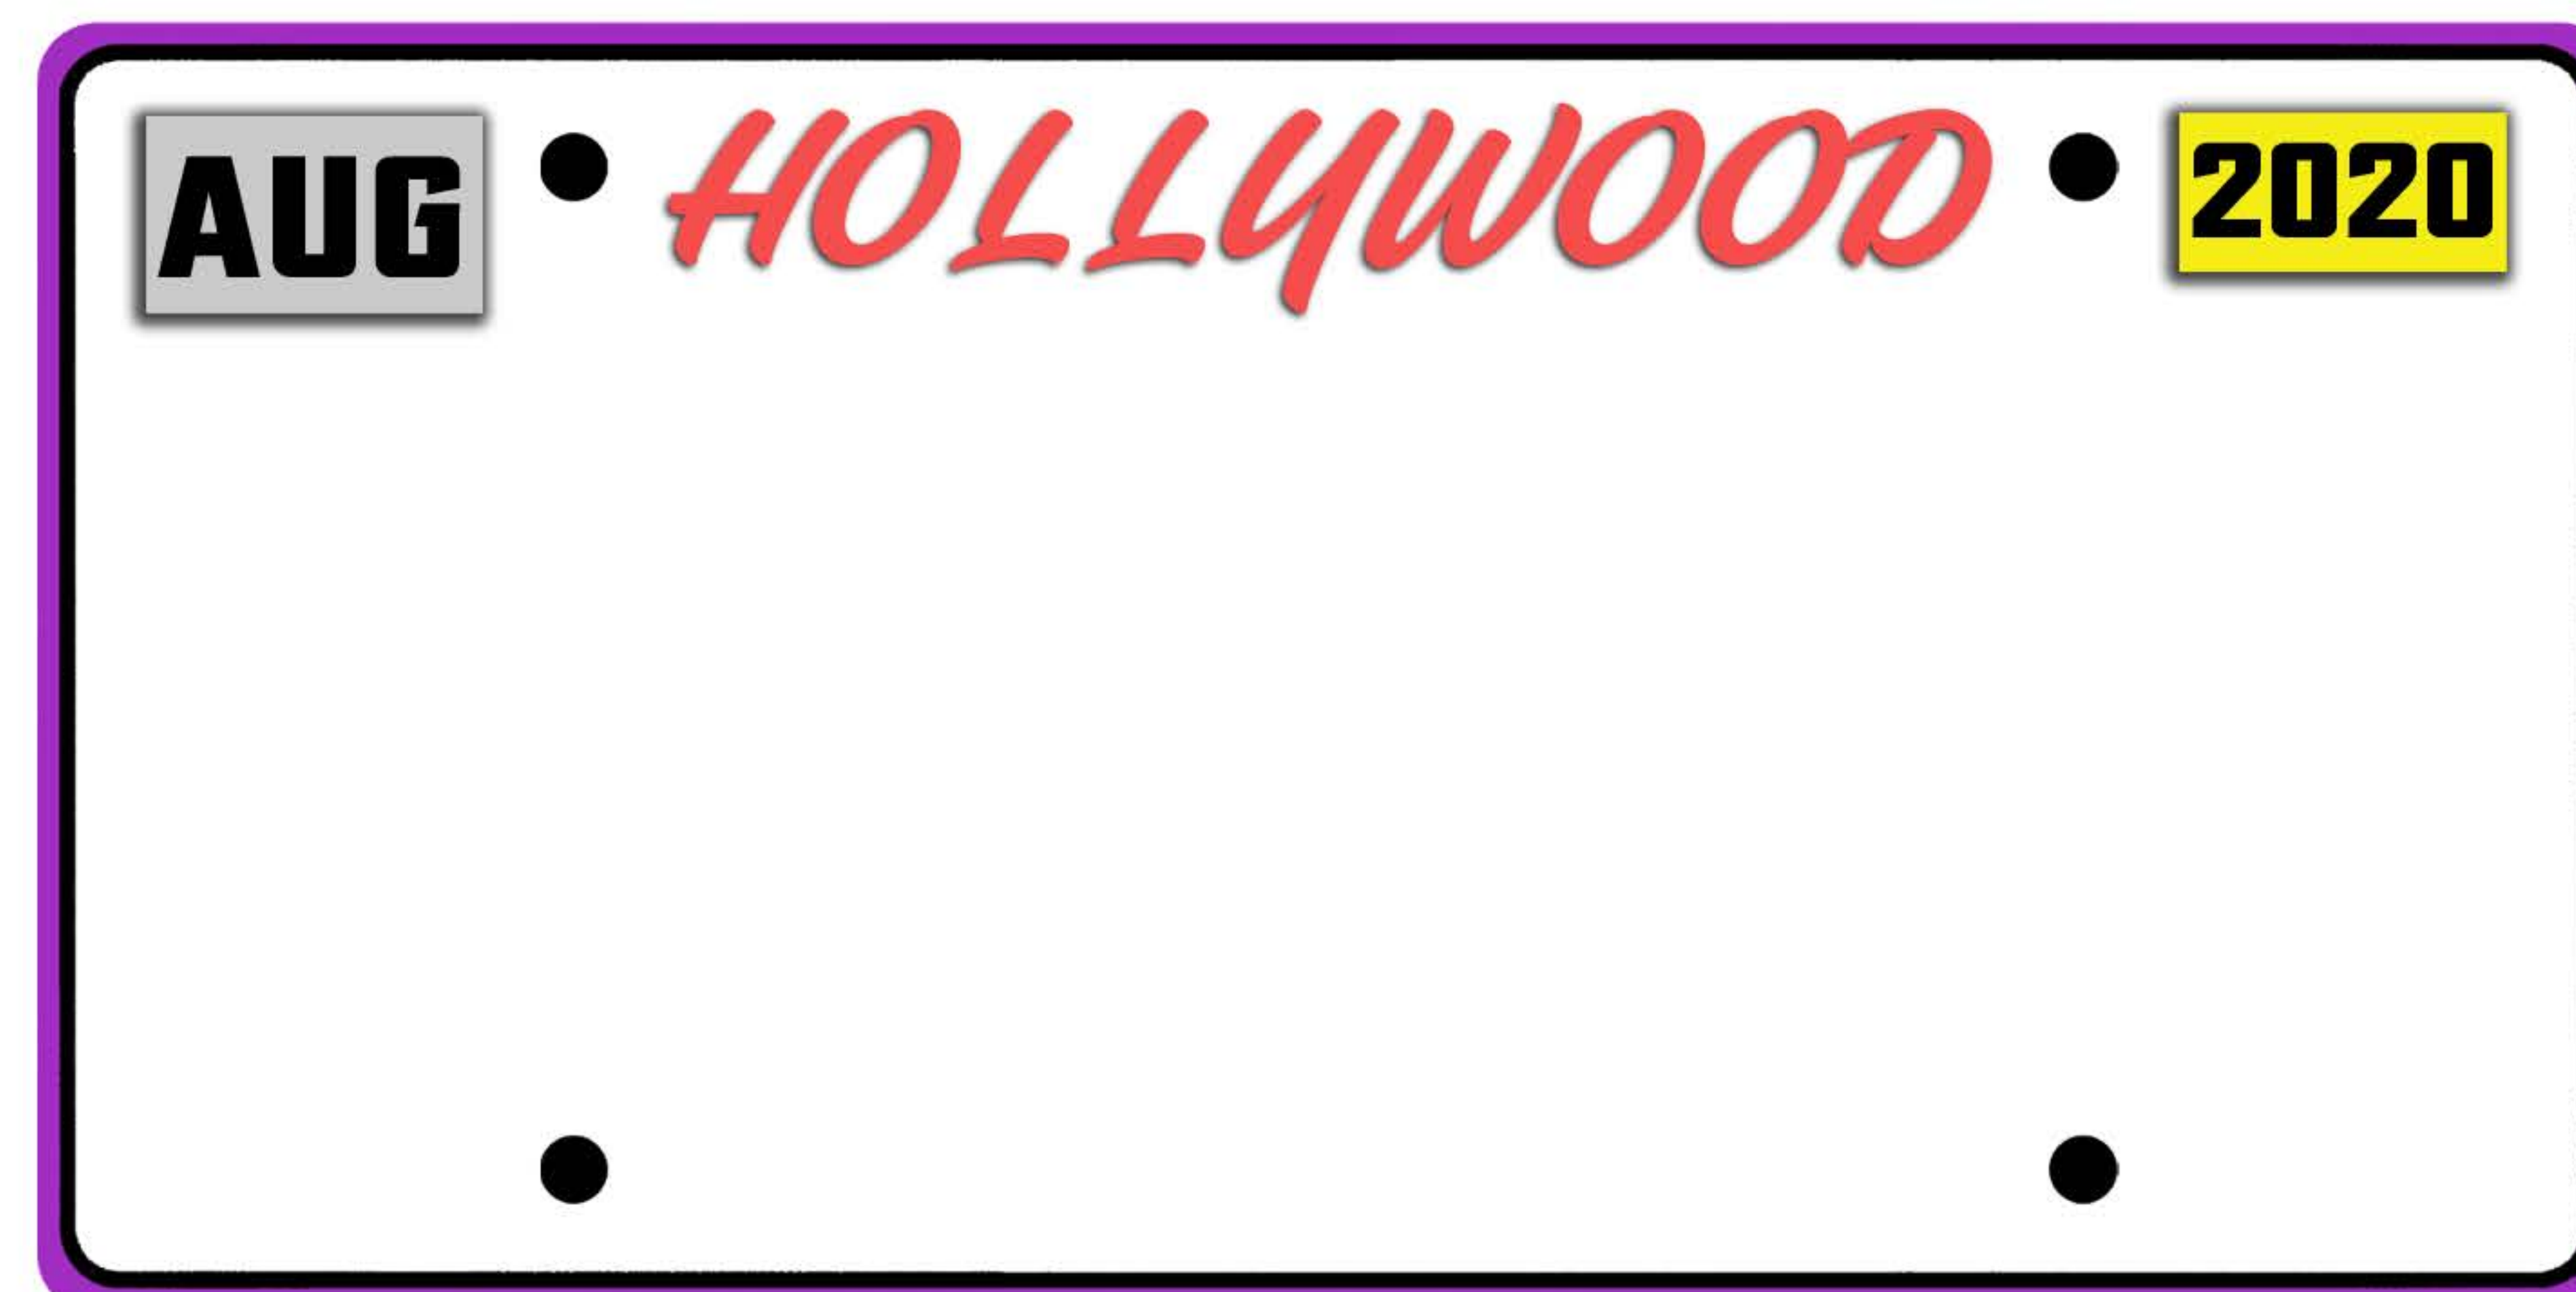

JERRY'S WHEEL

You will be saying "catch me if you can" with this little guy on your ride! Print four copies, and place 2 on each side of the car.

LICENSE PLATE

Help identify who your vehicle belongs to by adding a plate to the back of your box car. Choose your favorite character, or create your own!

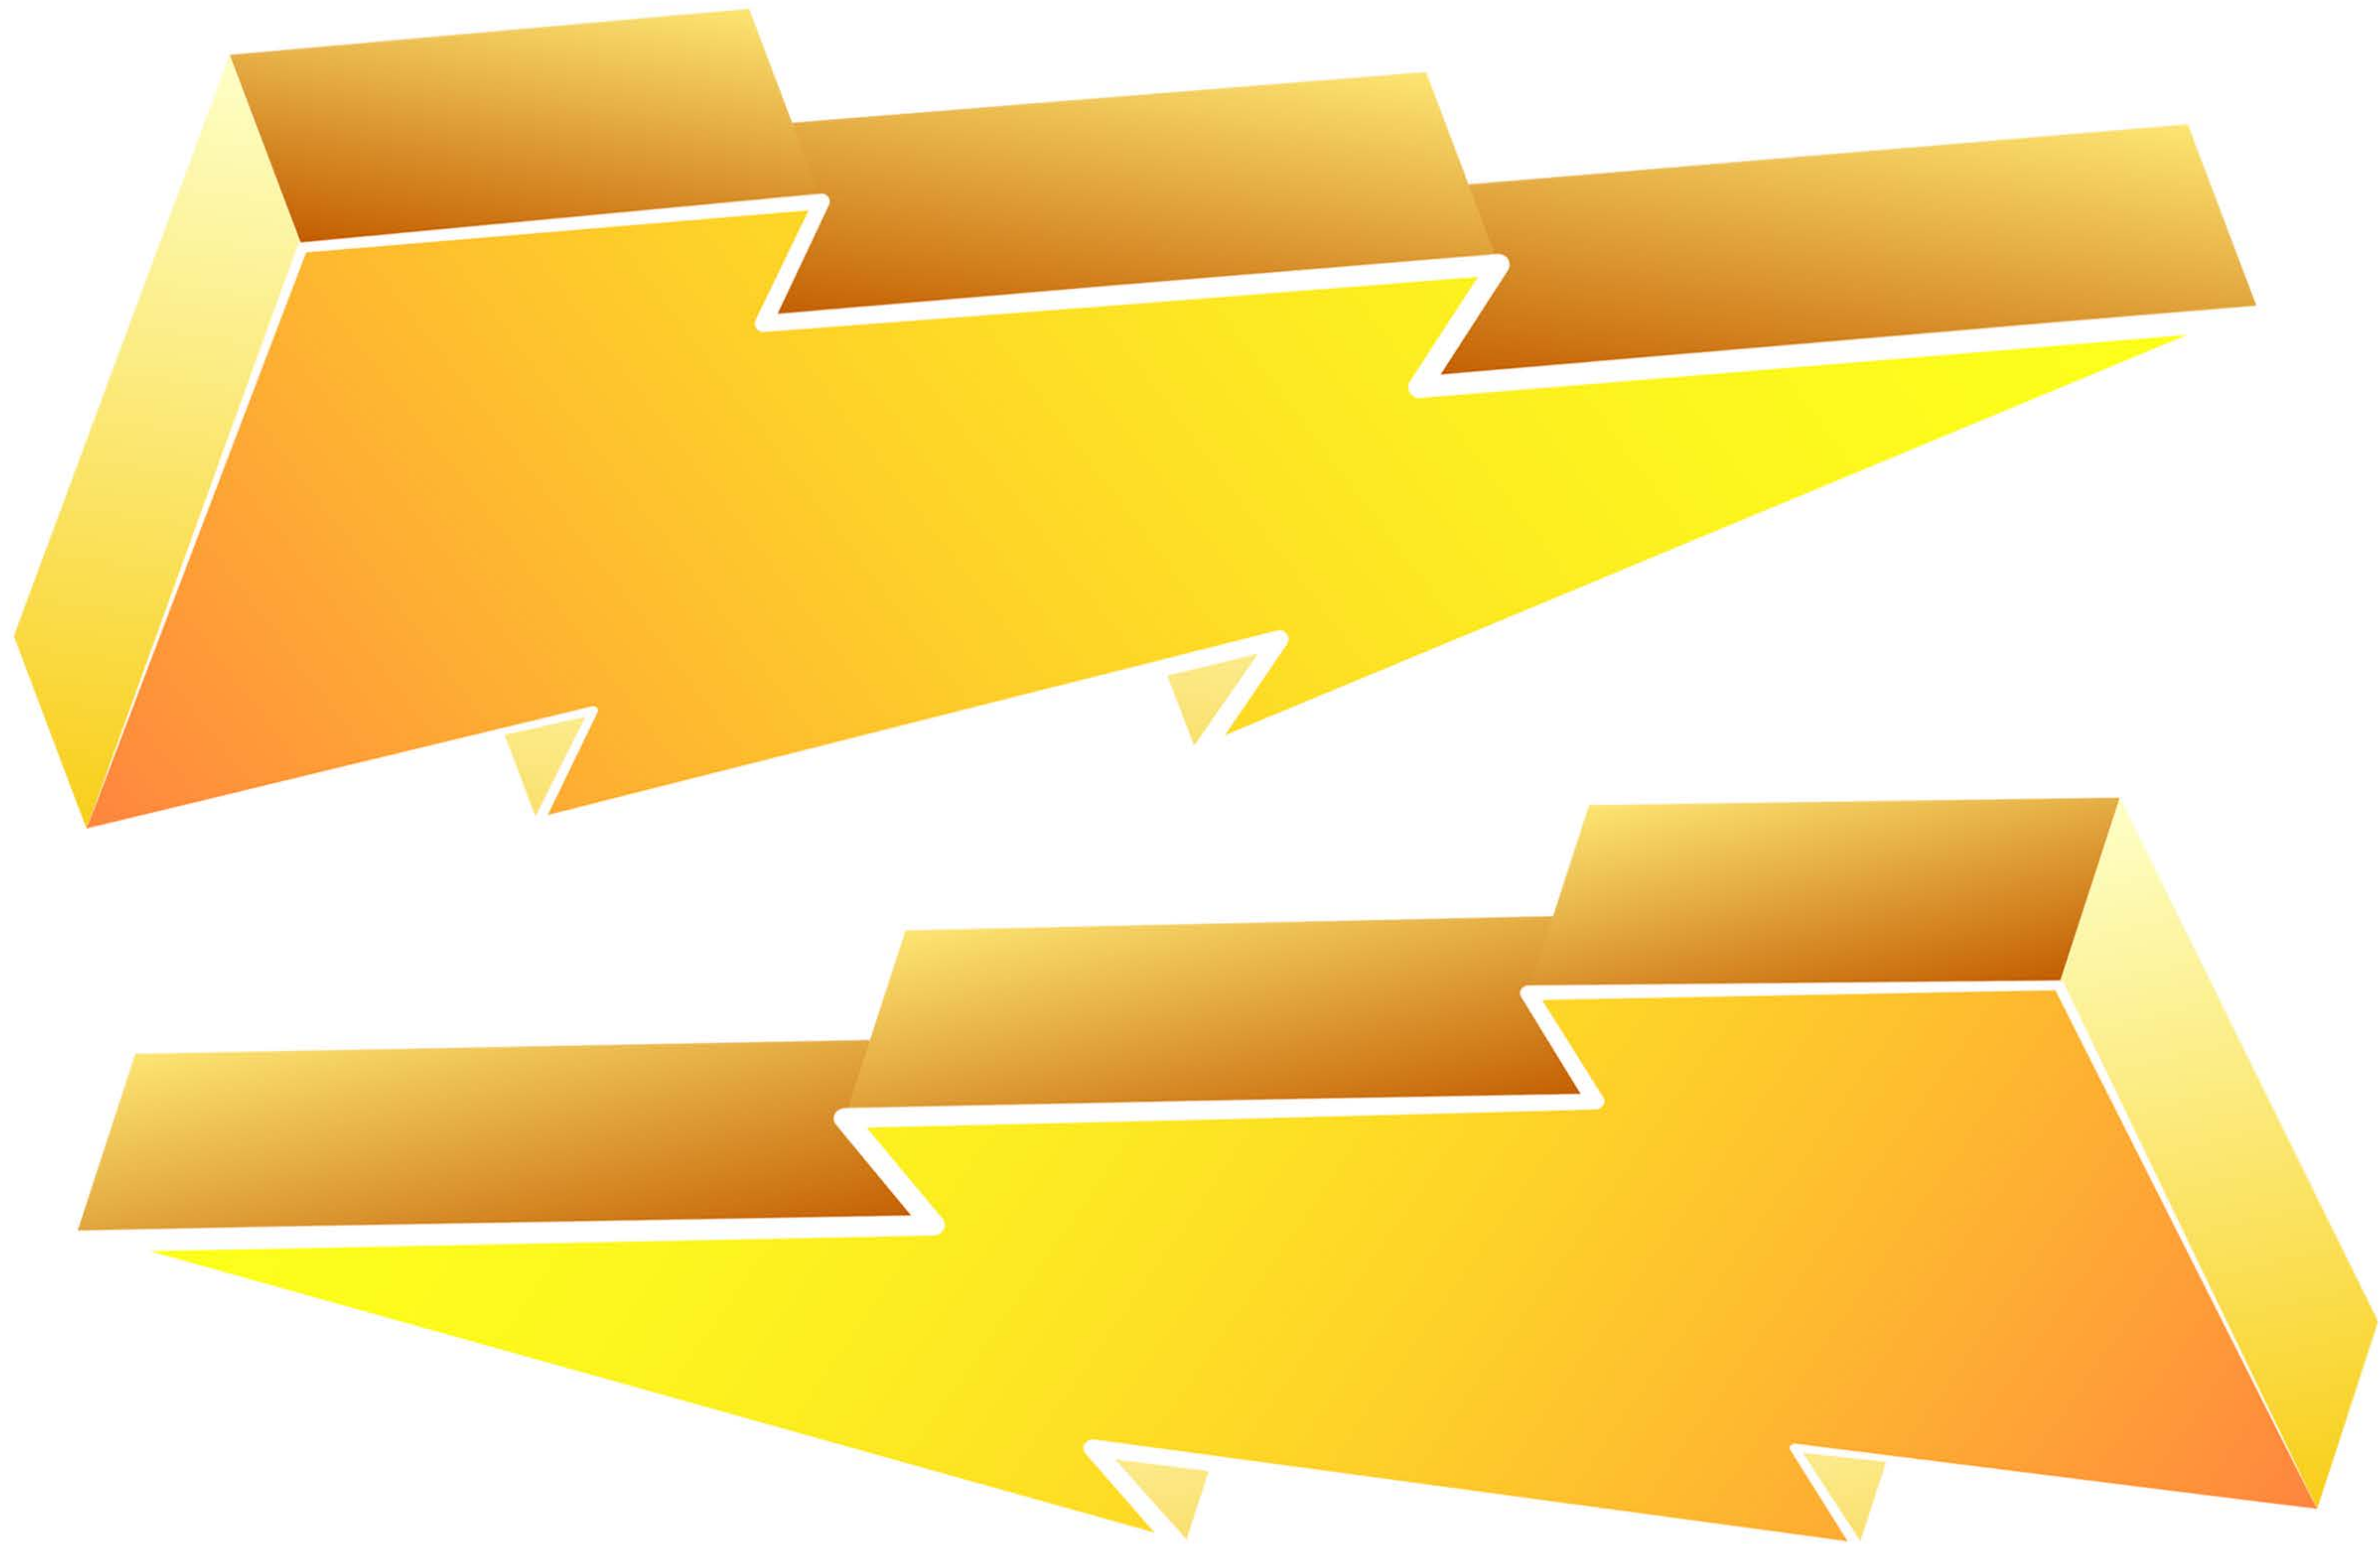

FLAMES

Design the sides of your car with these flames, and get ready to blaze the road with your fired up hot rod.

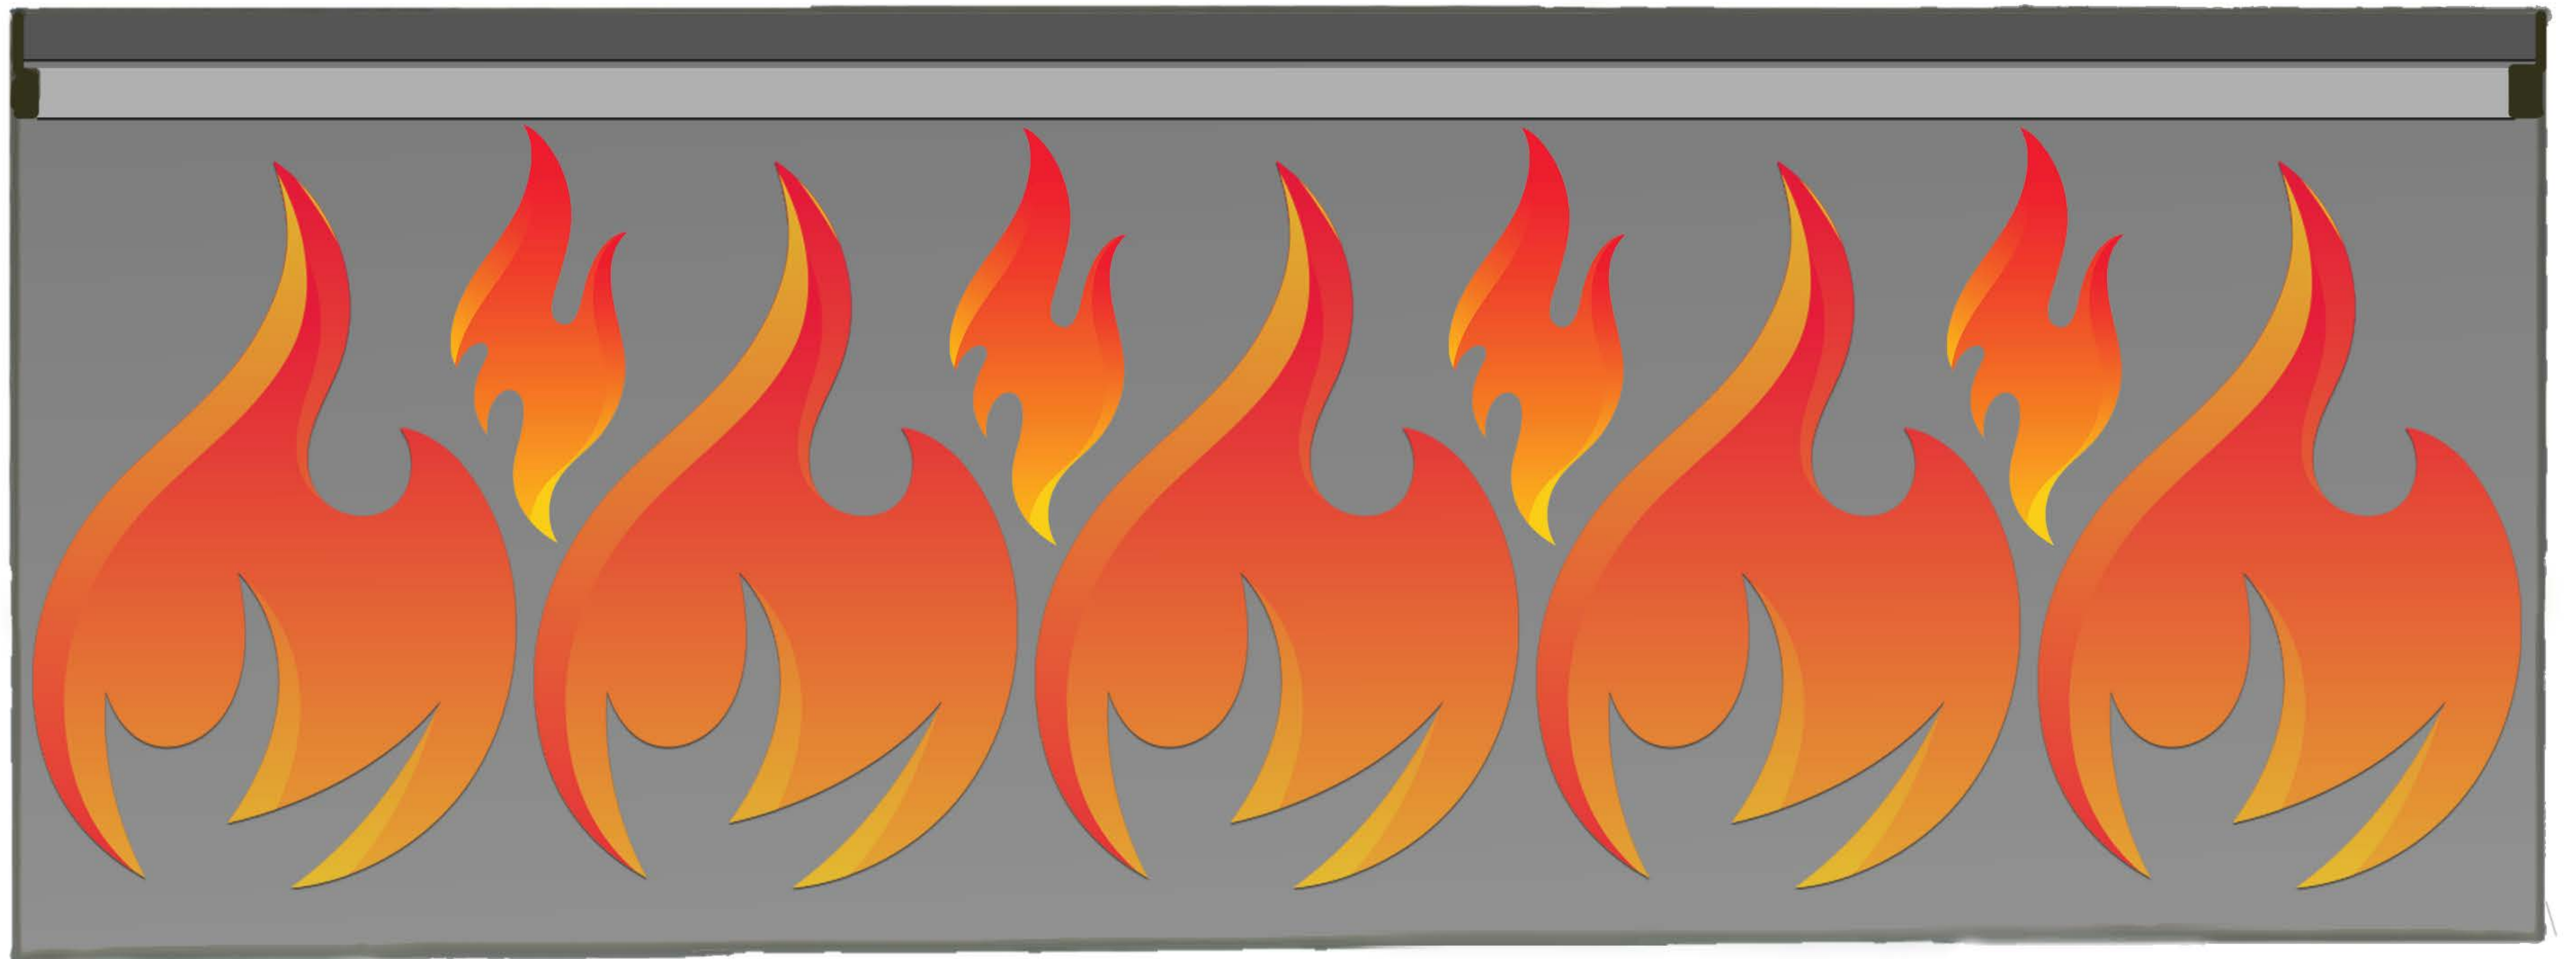

LIGHTNING BOLTS

Spruce up your ride with these electrifying bolts for the sides of your car.

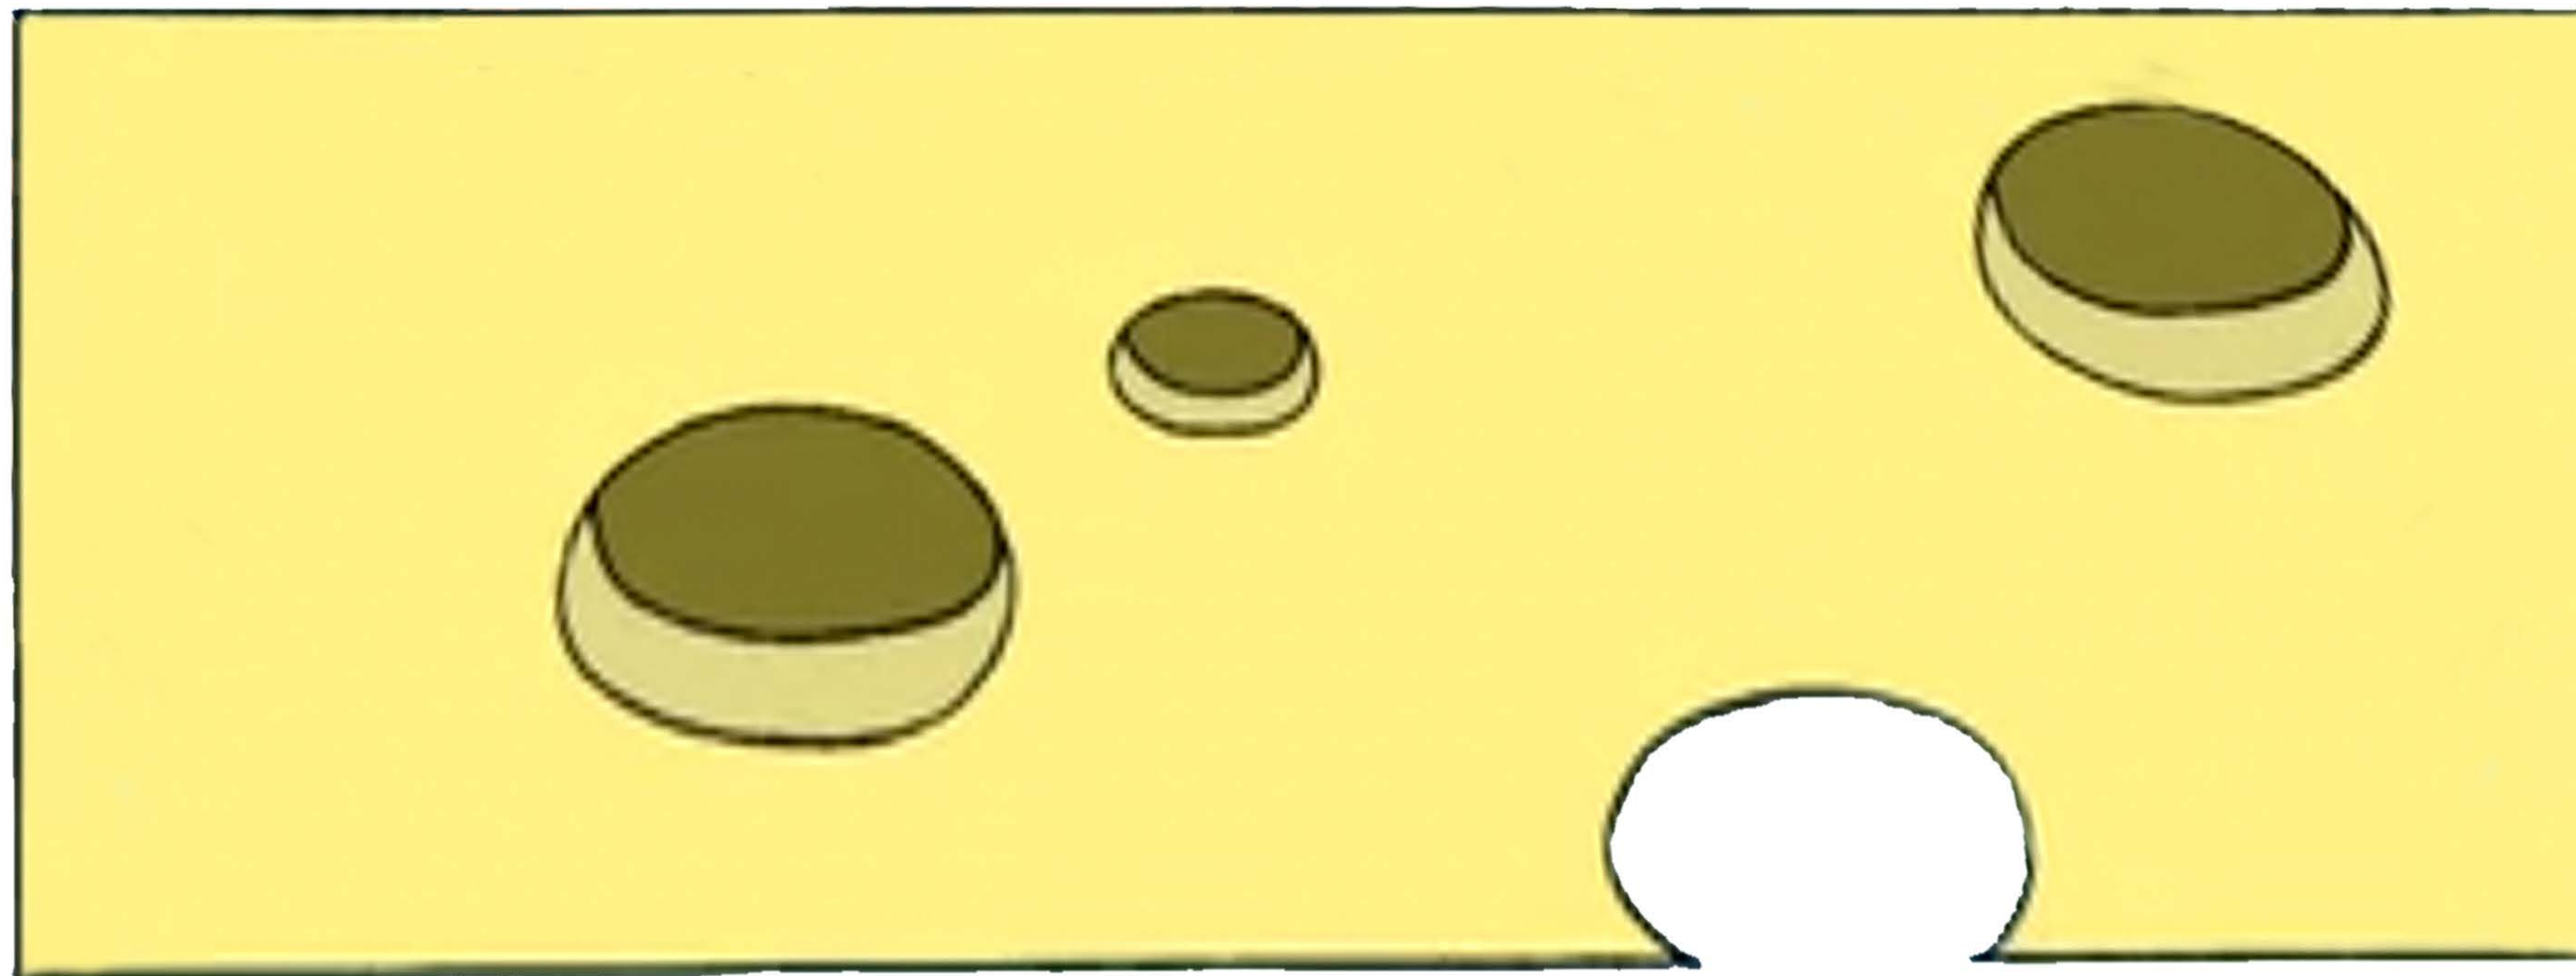

TOM'S SPOILER

Based on the size of your cardboard box, you may have to print extra copies of this image, and size to fit your car's spoiler area.

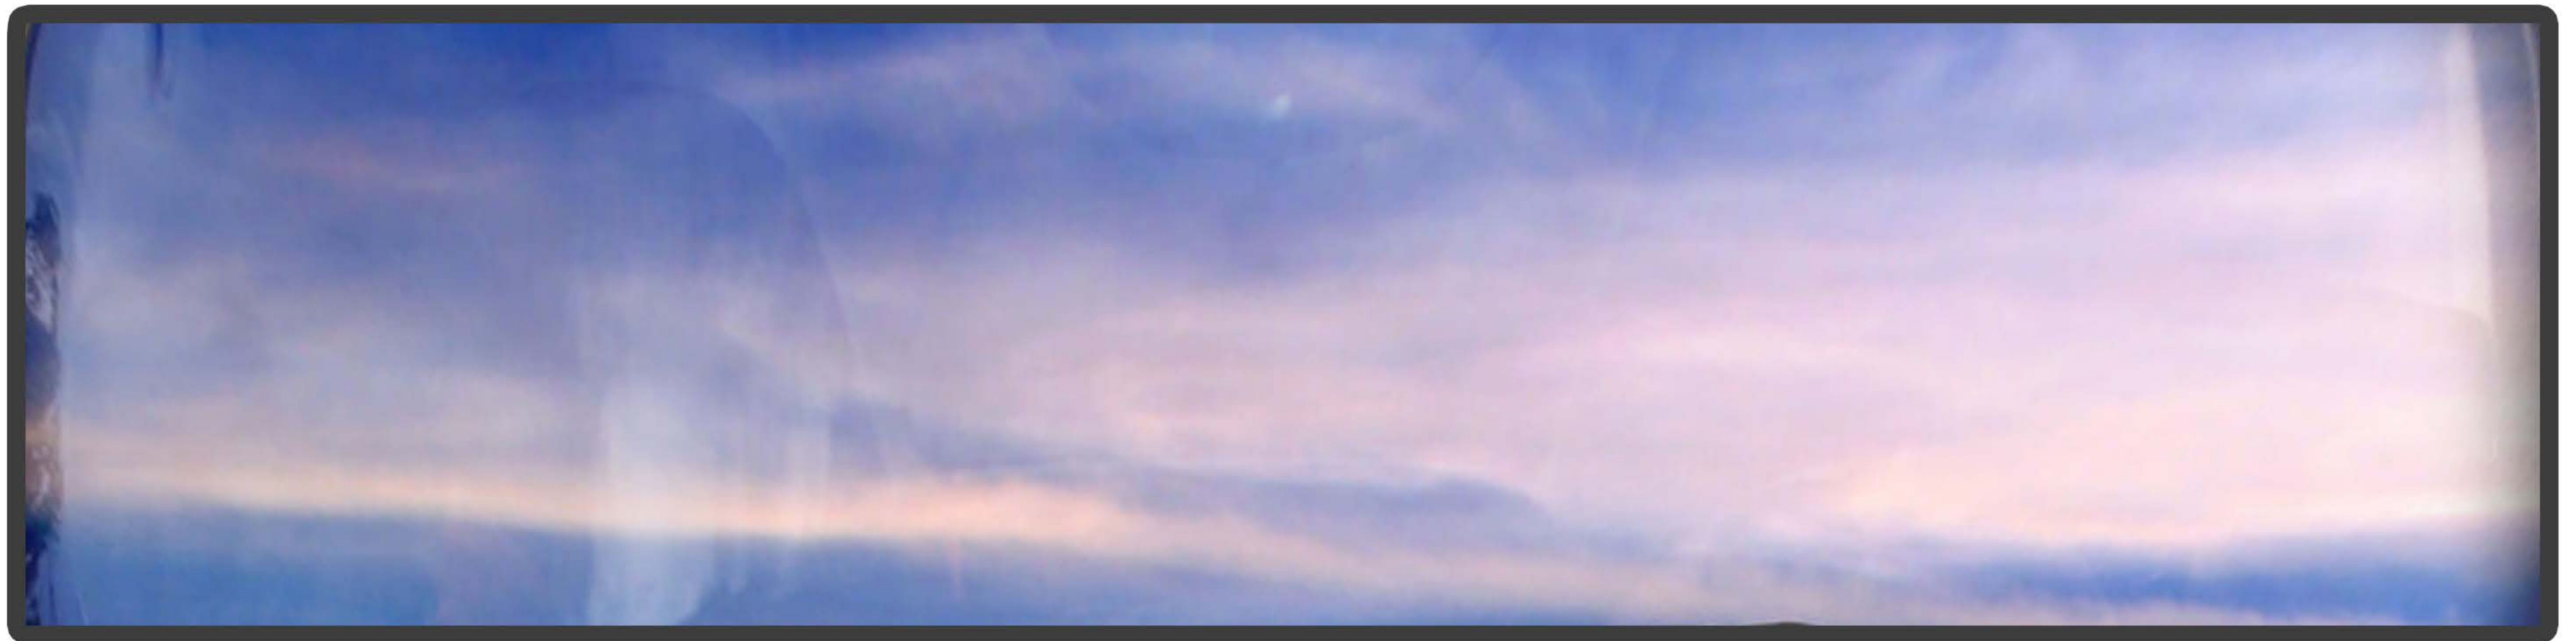

JERRY'S SPOILER

Based on the size of your cardboard box, you may have to print extra copies of this image, and size to fit your car's spoiler area.

WINDSHIELD

Based on the size of your cardboard box, you may have to print extra copies of this image, and size to fit your car's windshield area.

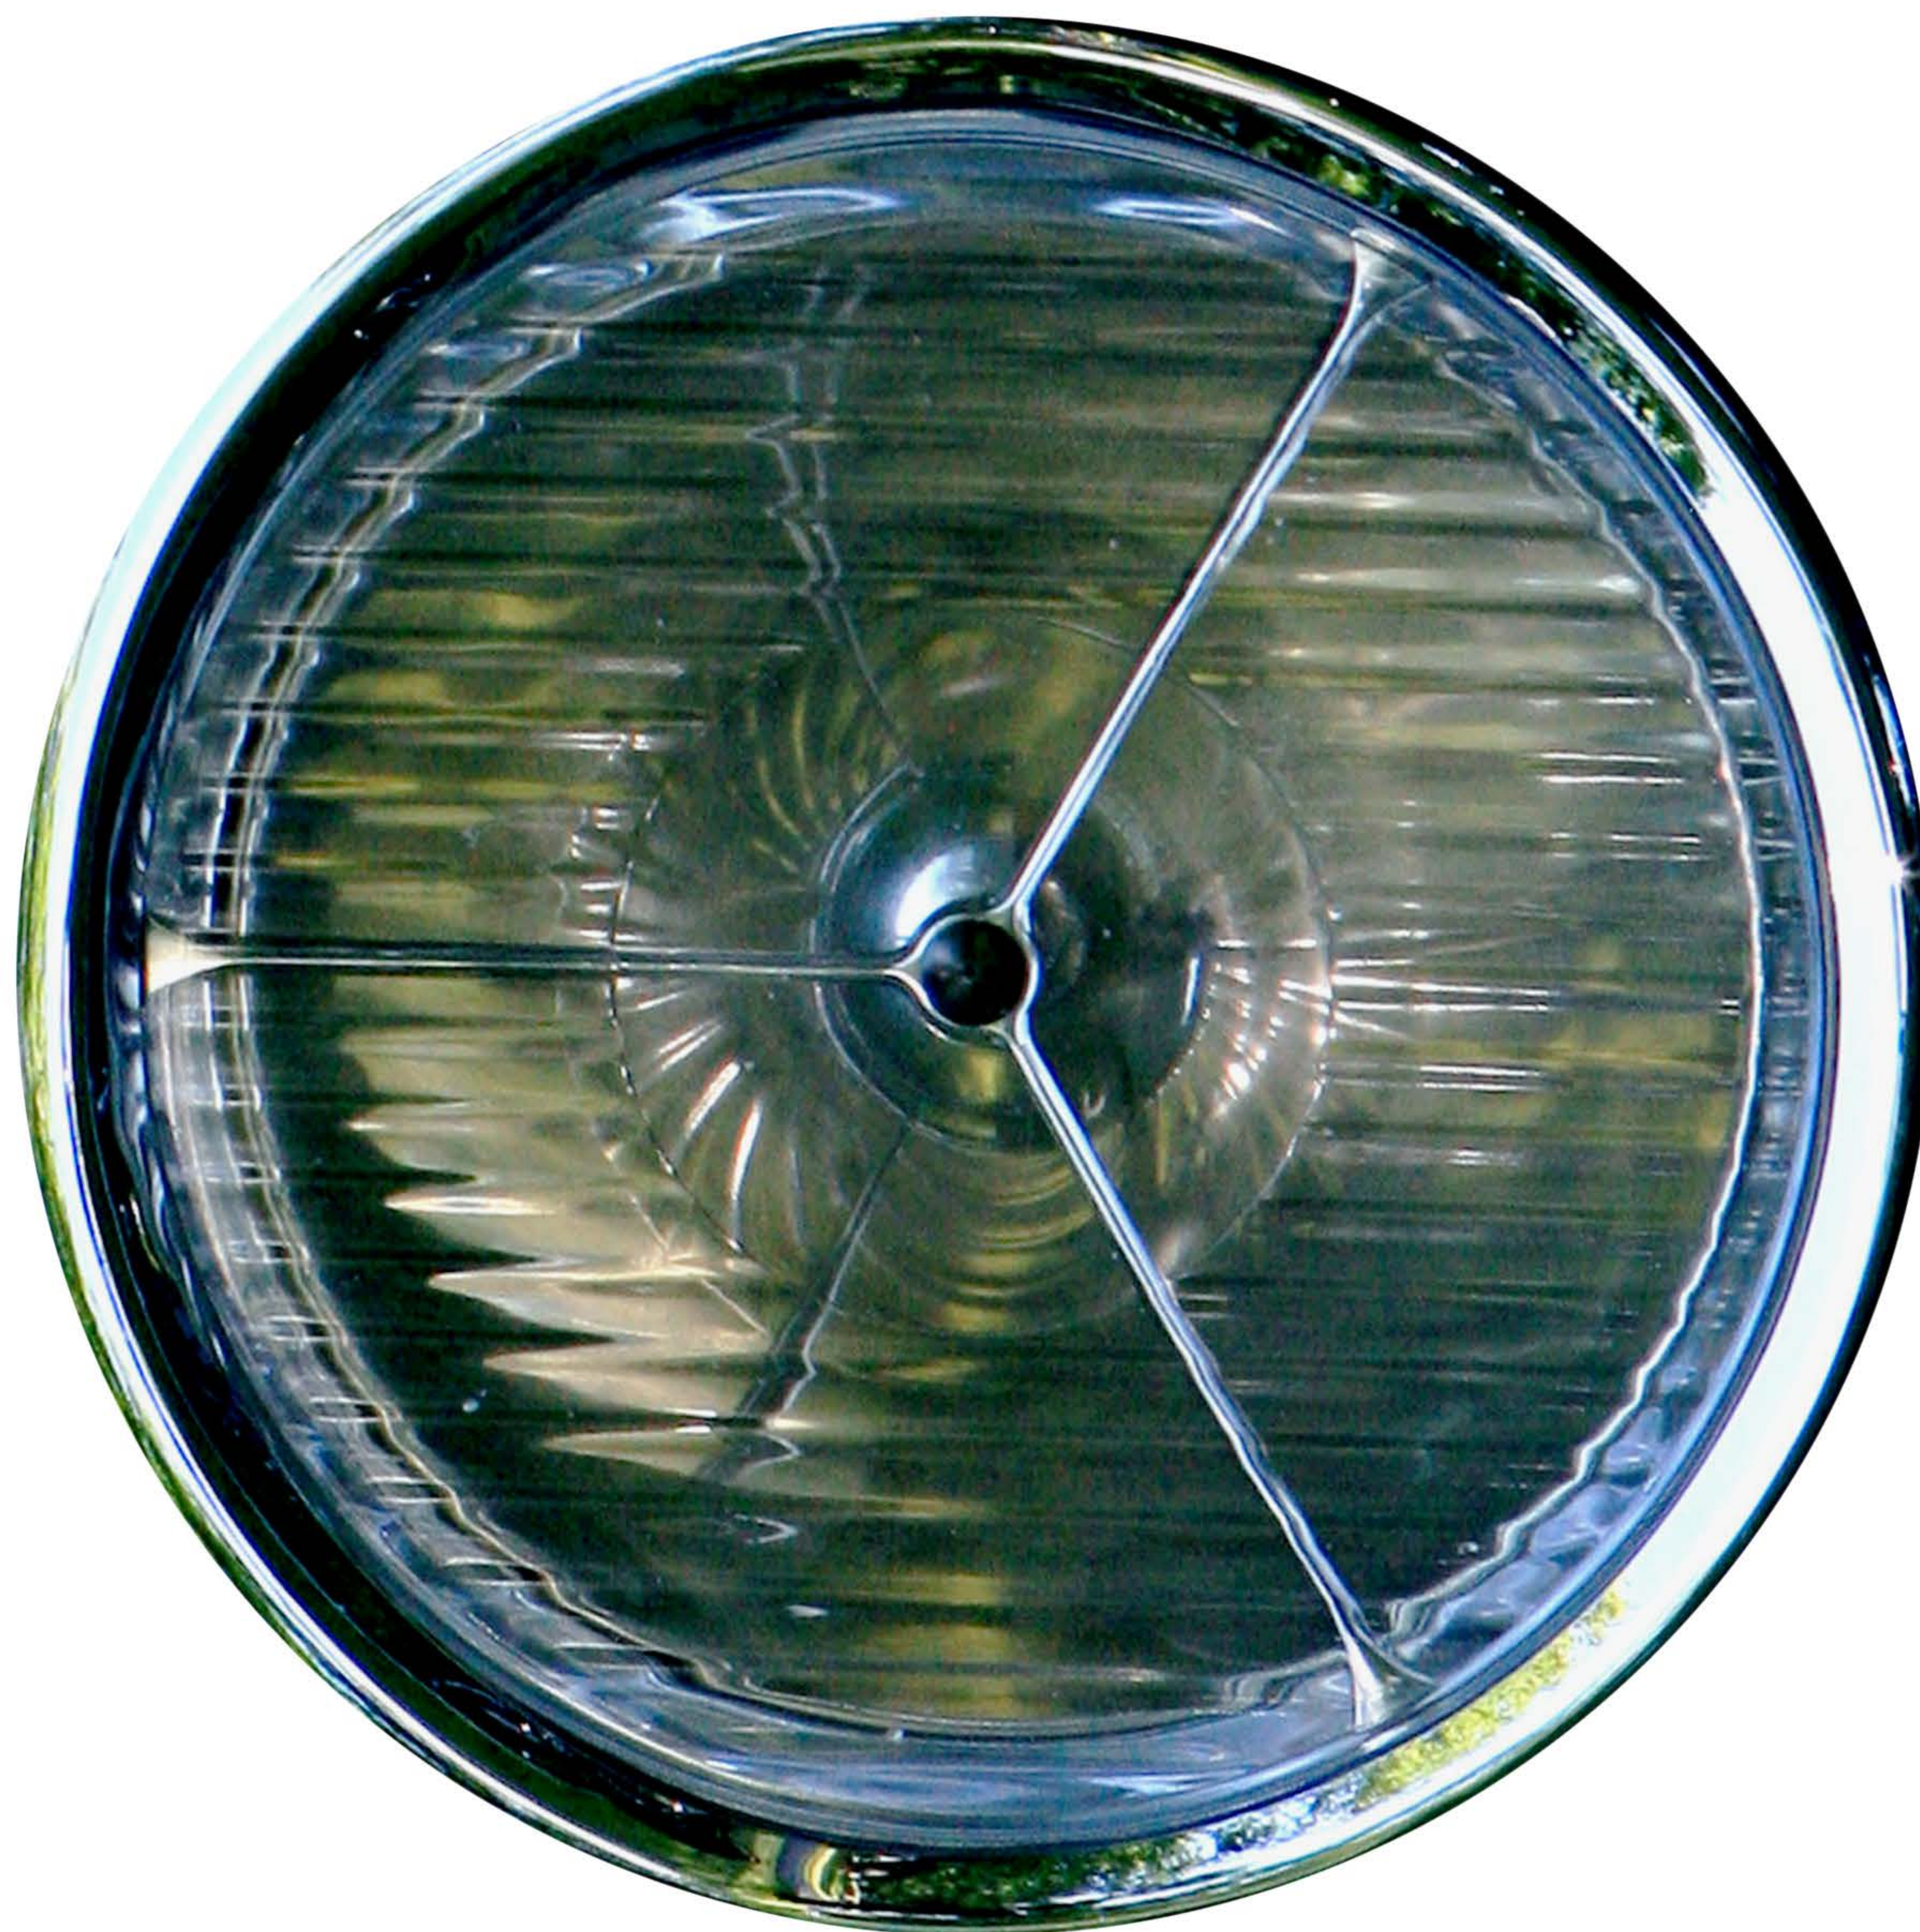

GRILL

Look cool and protect your engine with this shiny grill for the front of your hot rod.

HEADLIGHT

Print out these high beams twice. Place both lights on the front of your car, one on each side of the grill, so the oncoming traffic can see you.

REAR LIGHTS

Safety first! Cut out these tail lights for the back of your car to show others where you are located on the road.
